

*Oh Great Mystery
we awake, to the rising sun
grateful for the gifts bestowed
granted one by one
Grateful for the greatest gift
The precious gift of life
Grateful for abilities
That guide us day and night.
As we walk our chosen path
Of lessons we must learn,
Spiritual peace and happiness
Rewards of life we earn.
Thank you for our spiritual strength
And for our thoughts to praise
Thank you for Your infinite love
that guides us through these days.*
